# ITALIAN LOVE OF ART PERSISTS IN

is and Death Struggle for National Existence Not Sufficient to Subdue Passion of People for the Beautiful.

velous to the materially nd practical people of the and States that a country like Italy a life and death struggle for its very spirite, should find time and means a derote to not and other manifestaof culture. Yet such is the case

cher gives us a very vivid account ficulations from the pen of an Italan sholar, itaffarilo Giolli, who after juribing methods and precautions mass to protect the noblest monunents of untiquity suys;

The artistic life has continued numlly as hefore. The conservawraf the museums have not gone to deep as they might have done; they have not even closed their galleries to me public." In fact, "all the galleries, beth state and municipal, continue to charge their collections; from those of the ceramics at Taenze and landeaps at Pallanza, to those of modern charology. Milan has been eniched with more important, works of art during thus year of war than it has been in several years of peace." did museums and salleries are be-

ing put in order and are also increase owes to Herbert Dercy Horne the coming their trensures. New museums plete restoration of the palace which which are opening and preparing for he has bequeathed to the government raure macaurations are disclosing He had such an neutr regime for harpeapected novelties."

Even at Florence where there are muce into his palace the electric in-Horne, an English pers to which was through a woodenwho died at Florence in April, be- mountful palace is open to the public positied to the Italian government with the timely scalptured pills, its better the living conditions. as Quatire ento palace in the Vla del logata, its magnificent voulted rooms, and together with all his art collecting sandows and doors no perfectly reums, including his library."

he many museums and gatteries in only a revocation of our new aplendid Florence typifies the same kind of Disordimento but a perfect recurrecmore that the School of American they of that ardent spirit which, with archaeology is doing in the restora- informe love, considered every stone tes of the Pulace of the Governors."
